List Price Estimates, Reduced Lead-Time Orders

Quoting and order entry for your projects is now faster than ever. Go to <https://cecoorderpro.doorgroup.com> and log on to begin processing a quote or order. You will quickly find OrderPro to be easy to use as you create quotes or order production material. Once completed, you can review your quote/order on screen or print a copy for review. Enjoy reduced lead times at no additional cost on your OrderPro orders.*

24/7 Order Placement

Anywhere you have access to the internet, whether day or night, you can securely place your OrderPro order for Ceco Door products and enjoy reduced lead times.* OrderPro allows you to place both stock and configured production orders into the system. After your order has been successfully placed, you will receive order confirmation and a detailed acknowledgment with the scheduled ship date.

OrderPro Help

If you need assistance with using OrderPro please contact your Ceco Door Customer Service Professional at 888-264-7474 during office hours. Our in-house staff is available for navigation assistance and to answer any of your questions.

**Lead times and certain products are subject to some limitations and may change without notice.*

Homepage

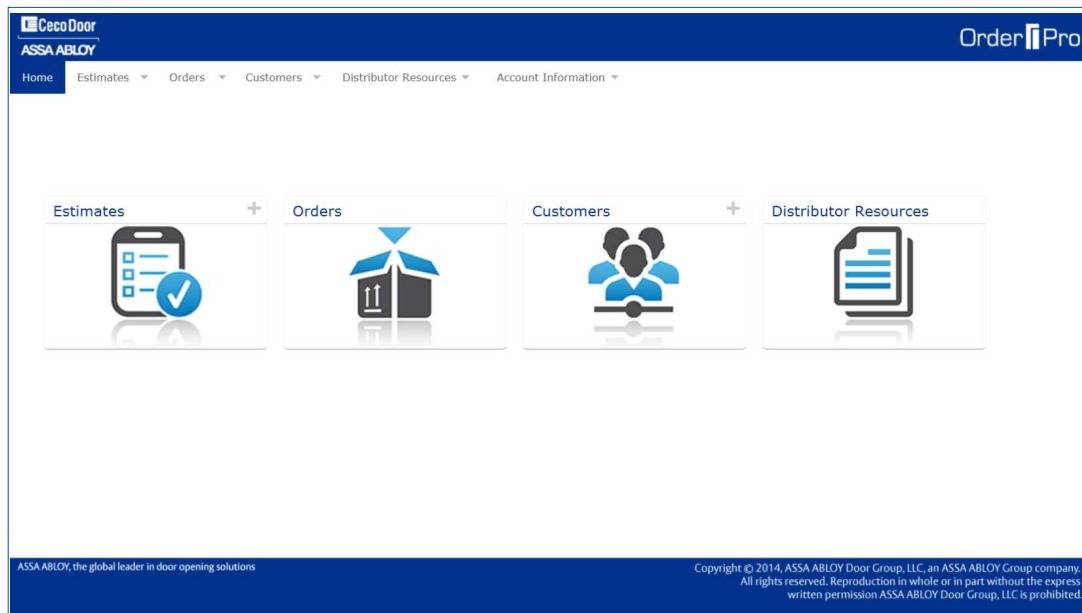

- Estimates: Generate quick hollow metal estimates and turn into orders with one click of a button.
- Orders: View your order history
- Customers: Keep up with all of your customers and their information which can auto populate when creating proposals.
- Distributor Resources: View the Ceco Door Price Book, Distributor Tech Data, Ceco Infos and more.

Rapid Options

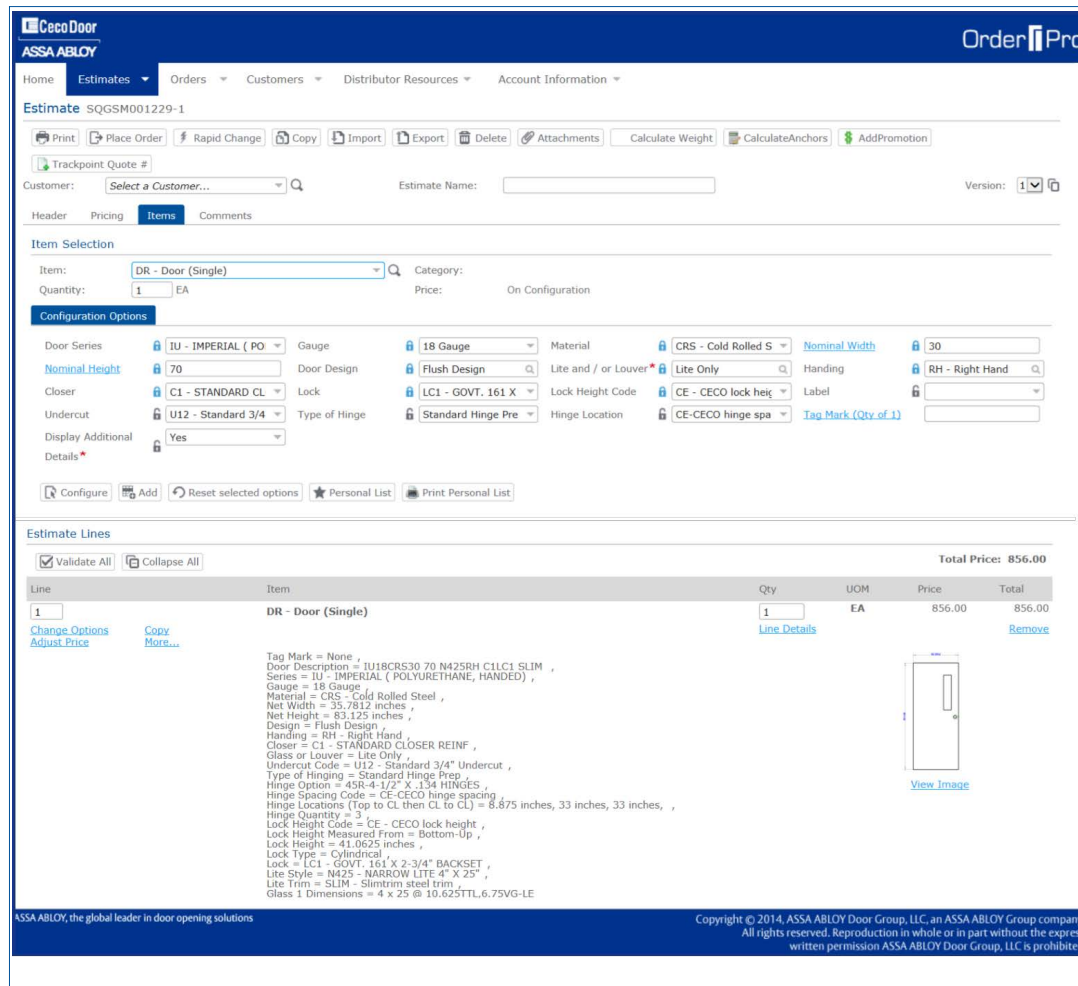

- Use Configuration Options to populate the majority of the information that you need for an order quickly and easily, leaving only small modifications for the configurator.
- OrderPro will validate fire labels and other possible conflicts to substantially reduce or eliminate phone calls from customer service letting you know you can't have what you ordered.

For optimal performance of OrderPro, we recommend high-speed internet connection. OrderPro works with all major browsers (Chrome, Firefox, Internet Explorer). If using Internet Explorer, please use version 10 or higher. You will need to turn off any pop-up blockers that you may have running, remove compatibility view in Internet Explorer and we also recommend checking for Spyware and other programs that can negatively impact your computer's performance.
